

Hello,

We are excited to announce a special opportunity to support the future of the Kendrick Park Pool, a cherished legacy for generations of Sheridan families. Thanks to generous gifts from First Federal Bank & Trust (\$9,000 match) and the Scott Foundation (\$2,500), we are kicking off a community fundraising campaign to raise \$80,000. These funds will

cover key improvements to enhance the pool experience for swimmers and families. Your support will make a lasting impact, let us make this vision a reality together.

Our community has an opportunity to come together and ensure the pool reopens as a safe, vibrant, and welcoming space for all.

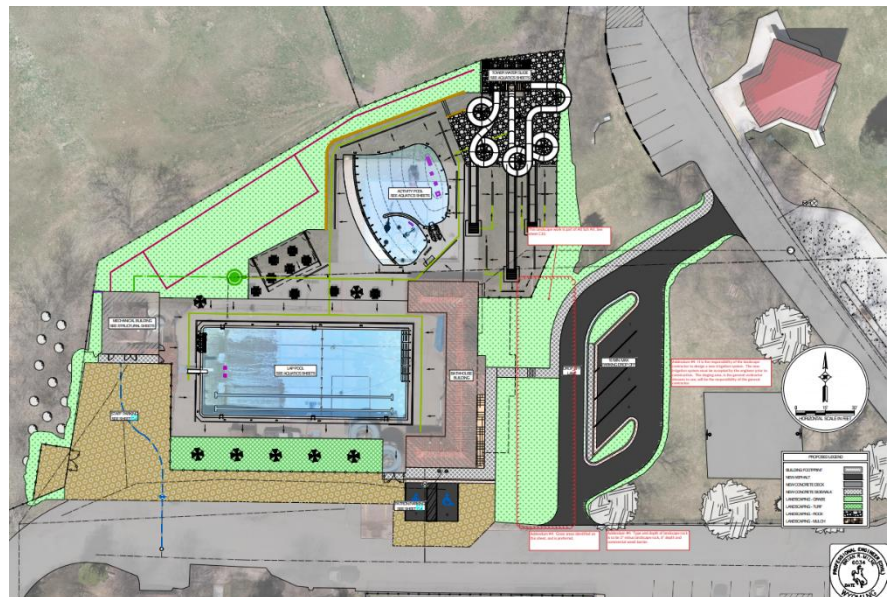

This is more than a renovation; it is a reinvestment in the heart of our community. The City of Sheridan and the Sheridan Recreation District are deeply committed to providing the best amenities possible, and with your partnership, we can ensure Kendrick Pool remains a cornerstone of summer in Sheridan for generations to come.

**What does our pool mean to our community?**

**Did you know:**

- 15,000 each year!
- 350 participants in four session of swim lessons
- Was open to the Community for 76 days over 11 weeks, totaling 924hours of Swimming Fun!

The Sheridan Rec has the opportunity to grow and be successful *because* of community sponsorship. We strive to enrich the lives of residents through a focus on physical activity, health, fitness education, and recreation. We hope you will consider a sponsorship for 2026.
